

2020-2021

Partnerships

Become a Project Write Now partner and help us continue our mission of transforming individuals, organizations, and communities through writing. **Our partners support our COMMUNITY OUTREACH PROGRAMS for underserved youth and adults throughout the year (September 2020 – August 2021).**

Writing transforms lives, giving people the opportunity to express themselves, which reduces anxiety, increases coping skills, and boosts resilience. Through sharing our stories, we feel more connected to one another, generating understanding, compassion, and empathy.

By partnering with us, you help us create a more hopeful community and empower writers of all ages to write and share their stories.
